Interdistrict Attendance Agreements and Permits

In accordance with an agreement between the Board of Trustees and the board of another district, a permit authorizing a student of either district to enroll in the other district may be issued upon approval of both districts.

The district shall post on its web site the procedures and timelines for requesting an interdistrict transfer permit, including a link to BP 5117 - Interdistrict Attendance. The posted information shall include, but is not limited to: (Education Code 46600.1, 46600.2)

1. The date upon which the district will begin accepting and processing interdistrict transfer requests for the following school year
2. The reasons for which the district may approve or deny a request, and any information or documents that must be submitted as supporting evidence
3. If applicable, the process and timelines by which a denial of a request may be appealed within the district before the district renders a final decision
4. A statement that failure of a parent/guardian to meet any timelines established by the district shall be deemed an abandonment of the request
5. Applicable timelines for processing a request, including the following statements:
 - a. For an interdistrict transfer request received by the district 15 or fewer calendar days before the commencement of instruction in the school year for which the transfer is sought, the district will notify the parent/guardian of its final decision within 30 calendar days from the date the request was received.
 - b. For an interdistrict transfer request received by the district more than 15 days before the commencement of instruction in the school year for which the interdistrict transfer is sought, the district will notify the parent/guardian of its final decision as soon as possible, but no later than 14 calendar days after the commencement of instruction in the school year for which transfer is sought.
6. The conditions under which an existing interdistrict transfer permit may be revoked or rescinded

Priority for interdistrict attendance shall be given to a student who has been determined, through an investigation by either the district of residence or district of proposed enrollment, to be a victim of an act of bullying, as defined in Education Code 48900(r), committed by a student of the district of residence. (Education Code 46600)

Until the district is at maximum capacity, the district shall accept any student whose interdistrict transfer application is based on being the victim of an act of bullying or a child of an active duty military parent/guardian. The district shall ensure that such students are admitted through an unbiased process that prohibits an inquiry into or evaluation or consideration of whether or not a student should be enrolled based on academic or athletic performance, physical condition, proficiency in English, family income, or any of the individual characteristics set forth in Education Code 220, including, but not limited to, race or ethnicity, gender, gender identity, gender expression, and immigration status. (Education Code 46600)

In addition, the Superintendent or designee may approve an interdistrict attendance permit for a student for any of the following reasons when stipulated in the agreement:

1. To meet the child care needs of the student, only as long as the student's child care provider remains within district boundaries
2. To meet the student's special mental or physical health needs as certified by a physician, school psychologist, or other appropriate school personnel

The process for student transfers into the district under the school district of choice program, including, but not limited to, any applicable form, the timeline for a transfer, and an explanation of the selection process, shall be posted on the district's web site. (Education Code 48301)

Parents/guardians shall submit applications for interdistrict attendance to the district office before January 1 of the school year preceding the school year for which the student is requesting to be transferred. The application deadline may be waived upon agreement between the district and the student's district of residence. (Education Code 48308)

The application deadline shall not apply to an application requesting a transfer if the parent/guardian with whom the student resides is enlisted in the military and was relocated by the military within 90 days prior to submitting the application. (Education Code 48308)

Any existing entrance criteria for specialized schools or programs shall be uniformly applied to all applicants. (Education Code 48305)

The district may deny a transfer into the district under the school district of choice program if the transfer would require the district to create a new program to serve that student, except that the district shall not reject the transfer of a student with disabilities or an English learner. (Education Code 48303)

Whenever the number of transfer applications exceeds the number of interdistrict transfers that may be accepted as annually determined by the Board of Trustees, students accepted for transfer shall be selected by a random drawing held in public at a regularly scheduled Board meeting before February 15 of the school year preceding the school year for which the transfer is sought. (Education Code 48301)

Priority for transfer under the school district of choice program shall be granted as follows: (Education Code 48306)

1. First priority shall be given to siblings of students already in attendance in the district.
2. Second priority shall be given to students eligible for free or reduced-price meals.
3. Third priority shall be given to children of military personnel.

No later than February 15 of the school year preceding the school year for which the student is requesting to be transferred, the Superintendent or designee shall notify the parent/guardian in writing whether the application has been provisionally accepted or rejected or of the student's position on any waiting list. (Education Code 48308)

If a student's application for transfer is accepted, the Superintendent or designee shall so notify the student's district of residence no later than February 15 of the school year preceding the school year for which the student is requesting to be transferred. (Education Code 48308)

The number of students accepted for transfer into the district, by school and grade level, shall be reported to the district of residence on or before February 15. (Education Code 48308)

If a student's application is denied, the Superintendent or designee shall notify the student's parents/guardians that the number of students requesting to transfer exceeded the district's capacity and that the student was not selected during the random drawing. Such determination shall be accurately recorded in the minutes of the Board meeting at which the determination was made. (Education Code 48308)

For a student whose parent/guardian was relocated by the military less than 90 days prior to the submission of the application, the district shall make a final decision to accept or reject the application within 90 days of its receipt. If the student's application has been submitted less than 90 days prior to the beginning of the school year, then the district shall accept or deny the application before the school year begins. Upon acceptance, the student may immediately enroll in a district school. (Education Code 48308)

Vacancies may be filled from the waiting list until May 1 of the school year preceding the school year for which students are requesting to be transferred. (Education Code 48308)

The final number of students enrolled in the district through the school district of choice program, by school and grade level, along with the names of the students, shall be reported to the district of residence on or before May 2. (Education Code 48308)

The Board of Trustees recognizes that parents/guardians of students who reside within the geographic boundaries of one district may, for a variety of reasons, desire to enroll their children in a school in another district.

Interdistrict Attendance Agreements and Permits

The Board may enter into an agreement with any other school district, for a term not to exceed five school years, for the interdistrict attendance of students who are residents of the districts. (Education Code 46600)

The agreement shall specify the terms and conditions under which interdistrict attendance shall be permitted or denied. It also may contain standards agreed upon by both districts for reapplication and/or revocation of the student's permit. (Education Code 46600)

Upon receiving a permit for transfer into the district that has been approved by the student's district of residence, or upon receiving a written request from the parent/guardian of a district student who wishes to enroll in another district, the Superintendent or designee shall review the request and may approve or deny the permit subject to the terms and conditions of the interdistrict attendance agreement.

Because the district admits students in accordance with the school district of choice program, the Superintendent or designee shall not admit students based on individual interdistrict attendance permits pursuant to Education Code 46600-46610 except under extraordinary circumstances.

The Superintendent or designee shall keep an accounting of all requests for admittance through the school district of choice program and a record of their disposition, including, but not limited to, all of the following: (Education Code 48313)

1. The number of requests granted, denied, or withdrawn and, for denied requests, the reason for the denial
2. The number of students transferred into and out of the district pursuant to this program
3. The race, ethnicity, gender, self-reported socioeconomic status, eligibility for free or reduced-price meals, and the district of residence for each student transferred into or out of the district pursuant to this program
4. The number of students transferred into or out of the district pursuant to this program who are classified as English learners or students with disabilities
5. As applicable, the number of students described in items #3 and 4 above who are provided transportation assistance to a district school or program, and the total number of students provided transportation assistance, pursuant to the school district of choice program

The Superintendent or designee shall report to the Board, at a regularly scheduled meeting, the information specified in items #1-5 above. No later than October 15 of each year, the Superintendent or designee shall provide the same information for the current school year, as well as information regarding the district's status as a school district of choice in the upcoming school year, to each geographically adjacent school district, the county office of education, and the Superintendent of Public Instruction. (Education Code 48313)

The district's compliance with specified program requirements shall be reviewed as part of the annual district audit conducted pursuant to Education Code 41020. (Education Code 48301)
